Assessor Comments	A great opportunity to purchase quality Angus heifers from the renowned Daniel herd. The Daniel family have used Rennylea Angus blood for the past 20 years. These cattle are well known for their performance and growth and are repeatedly sought after by all major feedlots in NSW. Provided with the right opportunity these heifers will excel for the successful purchaser. These heifers are eligible for grass-fed programs as they are pasture reared and anti-biotic free. These cattle are normally retained but due to seasonal conditions are offered for sale.
