Assessor Comments	These young heifer weaners are excellent for breed quality, and bone and muscle development. The Boortkoi cattle are renowned for their adaptability and they have weaned very well. I have no hesitation in recommending them. Boortkoi only purchase top performing sires from Barwidgee and Weeran with great success in the development of their herd. Please note they have been weaned for 8 weeks at assessment. It has been a very difficult season to manage, with a very limited spring which the cattle have come through in very good condition considering the season.
