Assessor Comments	Attention Buyers, On offer we have a great little line of quality crossbred first calf heifers all in calf to low birth weight "Glenoch" Angus bulls. These heifers were a pleasure to handle through the assessment and walked out of yards calm and quietly. They will make great cows for the future and would be a great addition to an existing herd or a great starter herd for someone wanting a quiet line of heifers to begin. If temperament is an important trait in your herd these heifers will not disappoint, along with being joined to "ease of calving' Glenoch Angus bulls these heifers are well worth a look.
