Assessor Comments	54x54 crossbred cows and calves with Angus calves at foot. Cows are doing an excellent job on the calves which range from 75 to 274kg to average 170kg with plenty of sap. 44 calves branded with 10 unbranded of which 35 are male/ steer calves and 19 heifer calves. Would suit a trade job or kept to breed a few more calves. 100% mouthed, 17 head 4 or 6 tooth with the balance showing sound mouth. Only being sold to make way for vendor bred females. Note one cow has a capped hip, one cow has a slightly deformed ear possibly from an old infected tag (see photo), the odd cow has fly rub marks. None of which is of major concern.
