## Assessor Comments

Genuine 3 to 4 year old Angus cows with Angus calves 1-3 months at foot. These cows are only being offered for sale due to seasonal conditions in the south. Cows averaged 656kg at assessment, calves (3 M & 15 F) weighed 64kg to 239kg to average 126kg. Bimbimbee Angus have been securing quality Angus genetics for a number of years, which these are part of. The cows are well handled and provide a great opportunity to secure proven breeders with good bloodlines behind them and the opportunity to join them a time of your choosing. Please note the calves have not been marked and one calf noted to have pink eye scarring in one eye.
