Assessor Comments	15 Ex-registered 3.5 to 4.5 yo cows PTIC from the Millah Murrah and Keringa Herds. These cows have been used in the latest embryo program and are in calf to back up stud sires for tight September calving. They would make an excellent addition to any commercial herd. High health status herd being J-BAS 8. The cows are exceptionally quiet and have held up in a very difficult season. Please note vendor has another 15 females in todays sale.
