Handled With	The temperament of these cattle is faultless. If looking for easy care quite future cows these are it. Bikes , Dogs , On foot , Vehicles		
Assessor Comments	15 Ex-registered 5.5 - 7.5 yo females PTIC from the Millah Murrah and Keringa Herds. These cows have been used in the latest embryo program and are in calf to back up stud sires for tight September calving. High health status herd being J-BAS 8. These cows are from strong maternally based herds and would make an excellent addition to any commercial operation. The cows are exceptionally quiet and have held up in a very difficult season. Please note vendor has another 15 females in todays sale.
