Assessor Comments	Buyers, on offer are a good quality line of 44 Weaned Hereford steers for your consideration. These steers would be ideal to background to trade or heavy feeder weights suiting all domestic markets and due to their weight, offer a quick turnaround. Steers offer high compensatory weight gains due to presenting in store condition as result of a dry summer and would be perfect for an oats crop or pasture. Steers are well handled and educated and display a faultless temperament. The Bailey Hereford cattle are well known through saleyards and feedlots in southern Queensland and are not to be overlooked. Please see photos and video for further satisfaction. Vendor has another lot of heifers in same sale.
