Assessor Comments	A good line of vendor bred Shorthorn weaner steers that have been yard weaned and ready to go. Steers weighed 175kg to 300kg to average 230.2kg following a 18 hour curfew. These steers were good to handle during assessment and drafting with our vendor normally handling their cattle with horse / vehicle / bike. Please note 5 steers have a blight scar, 2 with ring worm / rubbing and 1 broke a horn during assessment . Great opportunity to purchase well bred lighter Shorthorn weaner steers that are sired by progeny of a previous number 1 bull for marbling and top 10% for EMA.
