Assessor Comments	Offering a very good line of vendor-bred Angus steers which will grow out to be quality feeder or trade weight cattle. These are the tops of the drop, with 39 heifers from this vendor also available in the sale. The vendor has done an extremely good job with these calves, given the dry start to the year in this area. This lot of steers offer the following attributes: * Sired by registered Romani Angus bulls * August/September 24' drop * 265kg live-weight * Low weight 225kg; high weight 302kg * Very quiet due to being properly handled * Steers scanned and ready for NLIS transfer at no cost to purchaser * 1 steer sighted at assessment with old eye scarring (not deemed significant).
