	Quiet: 26 head Slightly Stirry: 22 head Stirry: 2 head		Quiet: 15 head Slightly Stirry: 35 head		Temperament not assessed in Paddock	

These Steers have a tendency to run when first put in the yards. A few did not settle and were a bit stirry first up, more trying to get away from you. After assessing they settled quickly once back with the mob. To be fair we ran them in and started the assessing process straight away. They are Steers that are easier to handle if left to settle first. The odd one played up in the crush, nothing unusual there. Overall Steers that are easy handled by experienced operators.

Bikes, Vehicles

Assessor Comments

A tidy line of well bred Millah Murrah blood Steers that are going forward and are the ideal weight to finish on grain or grass. As you can see by the videos they have the frame, conformation and muscle pattern you would expect from the Millah Murrah blood lines. The breeder has selected bulls on type not price and this shows through. A few have slightly cloudy eyes from old pink eye, nothing recent nor do they impede their sight. There is another lot of Heifers also in this sale, as well as another lot of local district steers. Inspections prior to sale welcome.
