Assessor Comments	A B-Double load of EU steers off the renowned Bolaro Station. This is the lead run of retained steers from the 2023 drop out of 190. Steers have been weaned since the Feb 2024 and have been run hard on native country trying to preserve feed for calving cows. Bolaro have been using Rennyalea Angus genetics for 10 years with a focus on growth and IMF, targeting Rangers Valley feedlot and other repeat buyers. This is a rare opportunity that these noted doing cattle are offered onto the open market. Presenting in store condition, these steers will respond well to crop if given the opportunity. Will reach domestic/export weights if given the opportunity. Steers are EU, MSA, Greenhams Never-Ever & Tey Grasslands accredited. Please note: 250 head lead run of 2024 weaner steers also in today's sale (2 x B-Doubles).
