Assessor Comments	A quality line of well bred backgrounder steers, which are a part of the annual turn off from the Widgewa station. Presenting in true store condition, with plenty of compensatory weight gain for your opportunity. The temperament cannot be faulted, with the cattle being exceptional to handle during assessment. They are steers that are known to perform both on grass & grain. Please note: there is a very odd old pink eye scar amongst the mob, not considered to be detrimental, find pictures attached.
