Notable Traits	Traits 1 Head Larger Pizzle 2 Head White Belly		
Assessor Comments	A quality line of predominantly Angus steer calves with an infusion of Black Simmental. The calves are in very healthy order and have been weaned since January. There is a fair weight range however all calves are on the go and would power ahead with feed in front of them. Please note that one calf which has a black management tag was cut late by a vet which is why he has a larger pizzle. Vendor normally sells in the winter but the season has forced them to lighten the load. Calves come highly recommended.
