	Quiet: 63 head	Quiet: 89 head	Temperament not assessed in Paddock
	Slightly Stirry: 39 head	Slightly Stirry: 12 head	
		Stirry: 1 head	

Heifers were free flowing but very easy to handle, brought up from the backyards by a single handler with no issues, all having a good block. Some doing a few circles in the force before walking forward into the race. Once in the race & crush, all were much more settled. Still a bit runny in the larger yards when in the bigger mob, but settled nicely in the laneway when taking photos.

Handled With Bikes , On foot , Vehicles

Notable Traits

Traits

2 Head Minor Eye Blemish
3 Head Small Warts
3 Head White splash on flank
1 Head White splash on/infront of the navel

Assessor Comments

Excellent opportunity to secure a B double load of renowned high performing pure Rennylea blood Angus Heifers. These heifers are highly sought after & gain repeat attraction from feedlots given their reputation to perform. Carrying with them, 15 years of Rennylea Angus genetics, always carefully selecting sires for positive rib & rump, IMF, EMA & phenotype. These store condition heifers have length, depth & width, giving them the advantage to pack on the weight & be high yielding finished bodies, with some good, early compensatory weight gain to take advantage of on delivery. Very nice, large line of Angus heifers, with the added bonus of multiple accreditation's - EU, Never Ever, PCAS, Teys Grasslands & JBS Farm assurance. An ideal line of heifers to put out on a crop, or start on a feed ration.
