Assessor Comments	An excellent line of Angus Heifers weighing 300kg-350kg full at assessment. At only 11-12 Months of age they are showing tremendous stretch and bone and have the potential to make outstanding breeders! Very small percentage of heifers are showing signs of warts on the neck and face not considered detrimental. Heifers are sired by top end Ardrossan bulls, vendor mainly targets high growth and IMF in the top 5%. The 'Abbey Hills' herd have a reputation for their docility and this years progeny are no exception. Repeat purchasers have praised their doing ability and temperament. These Heifers come with our highest recommendation!
