Assessor Comments	A neat line of 29 of the Hunter brothers March/April 2024 drop grey steers. These steers, weighing in at 341kg at the time of assessment, would be ideal to take into a backgrounding operation or a fattening operation. These steers are Greenhams never ever accredited. Sired by the Benle Angus bull, out of a fully black cow with 25% Murray grey blood. Steers are well weaned and kept up to date with health treatments. Ready to perform
