Handled With	Excellent cattle to handle. I moved around them in the yard with very little disturbance. Being yard weaned several weeks ago has made them quiet and used to human contact

Assessor Comments	An excellent draft of the Crafter cattle. They are weaned, soft coated, quiet and ready to fly on good feed. The feedback from previous buyer has been excellent. Note one steer has white near the navel and another steer had a grass seed removed from the eye at assessment and will not experience any detrimental effect going forward.
