Assessor Comments	Here are 3 Ultrablack heifers PTIC to Wallangra Angus bulls. The heifers are by Angus bulls out of good quality fertile Brangus cows. These heifers are on their 2nd calving. Heifers are 4 to 5 months in calf. They have been joined over a 64 day period for a tight calving window. These heifers are branded 2's so have plenty of breeding life left in them. Heifers are regularly handled and are in a rotational grazing program. Heifers are used to one wire electric fence setups. Cows worked well throughout yards and are easy to handle. These are ideal breeder types. Please note in this sale there are another lot of 16 Angus PTIC Cows/Heifers and 6 Droughtmaster cross PTIC cows for sale on same property
