Assessor Comments	*** COMPLETE HERD DISPERSAL *** A great opportunity presents its self to Secure a line of vendor bred young 3 to 5 year old cows out of the quality breeding grounds of the Ebor District. The Goddard herd is a foundation of Angus and Black Baldie cows that are a base of Total Impact, JMB Traction and Hazeldean G108 genetics. Cows are large framed easy doing females that been been great young and reliable breeders for the Goddards that produce quality weaners year in year out. A great commercial article on offer that will be priced to sell, only for sale due to the farm being leased. Extremely Quiet and easy to handle cows with Temperament being a key feature, Due to calve from Early to Mid July onwards for approximately 7 weeks to Great quality angus genetics. Quality young breeders with all of the hard work behind them. Please see another two lines of PTIC females from this same herd in this same sale.
