| Assessor Comments      | Due to seasonal conditions Bishop Wagyu is offering 2 lots of well proven Angus breeders. Cows consist of Hazeldean and Kenny's Creek genetics (4-6yr old) cows presenting in forward condition joined to highly regarded genetics. Bishop Wagyu have been producing Wagyu X Angus F1 & full Blood Wagyu cattle since 1998. Their Angus X Wagyu cattle are constantly averaging over 440kg HSCW after 350 DOF with an average MBS of 6+. These cows have consistently produced F1 calves every year for the Wagyu feeder trade, selling to feedlots in the Riverina to Southern Queensland. The progeny have been recently weaned at 260kg, capturing \$1800 - \$4000/hd over the last 5 years! These cows are due to start calving on 29/5/25 for 2 months, (there will be an odd cow due to calve a little later due to a bull injury which was replaced towards the end of the joining period. A rare opportunity to purchase some brilliant future breeders. |     |                                                             |                 |
