Assessor Comments	On offer are a small line of vendor bred PTIC heifers joined to LBW Milong HBR Angus bulls for a 8 week calving starting the 1st of June A neat line of heifers that will grow into medium framed cows, selling as annual PTIC program at Wilga. Odd heifer has white on the udder as seen in video but nothing too dramatic or too much for the Angus standard. Cattle were curfewed over night 10 hours hence the Neg 1% adjustment. * please note there is also 29 PTIC heifers in same sale that would help with trucking. Vet tested by Wyalong Vet Clinic, certificate available.
