| Assessor Comments                     | A great opportunity to secure Angus heifers with calves at foot. Heifers are Alpine Angus & Woonallee Black Simmental bloodlines, originally purchased at Myrtleford as weaners A/c I & B Buckeridge. Calves at foot are sired by Rennylea Angus bulls. Heifers are medium frame displaying plenty of length and depth, and are milking well presenting in healthy store condition. A quality line of young females that would complement any commercial Angus herd. Note: 8 head PTIC, 1 head not detectable. Bulls still running with heifers. |                            |                                                |
