Assessor Comments	100 excellent quality pure Glenavon blood steers July/August drop and are the tops of the drop. These steers were weaned the date of assessment onto Lucerne hay and silage in bunkers . The vendor usually keeps these steers until feedlot weights achieved. The cattle are highly sought after by all major feedlots. They are well bred and come with our highest recommendation. Please note odd steer noticed with wart and 8 steers had very slight scarring in eye that was not considered detrimental. A total of 200 steers to be offer today as a run out the gate.
