Assessor Comments	Performance cattle first time ever offered as weaners as always retained to fatten in the Spring as heavy weighted kill steers in to the Coles Graze program. These boys are bred out of lengthy volume cows utilising sires purchased out of the very top end of the Spry Angus & Shorthorn catalogue. Steers are properly weaned, present in fresh store condition and will explode once shown some quality feed. Excellent cattle to handle temperament wise as is the norm with the Killandayle program. Steers are based out of an Angus/Shorthorn and Angus breeding base with this group comprising the steers with color in the coats. Killalea's are previous winners of The Coles Farmer of the Year award and have been breeders/finishers of quality finished cattle for decades. Noted an odd ringworm scar on the face of a handful of weaners. Note vendor has another 75 steers being offered in this sale.
