Assessor Comments Tarrone View offer a line of 40 winter 24 born heifers that tick all the boxes. These calves are bred from Pathfinder blood cows that have tremendous depth and width throughout and these heifers are showing all of those attributes. These heifers have had all the treatments and have been weaned up properly and given the right grazing conditions will thrive into growing out to feeders or breeders. Past buyers have been extremely happy with these cattle and they come with my highest recommendation.
