Assessor Comments	A very good line of young Simmental Cows with very good calves at foot and preg tested back in calf to Angus Bulls. These young cows were originally bred by the Cooke Family at Meandarra. Preg tested back in calf to Booroomooka Angus Bulls (2-4 months). Cows are doing an excellent job on their calves, 2 steers, 9 heifers calves from 156-224kgs to average 185kgs. Cows are only in store condition due to size of calves and chasing green pick after recent rains. Very good well bred young Cows and Calves that would be an asset to any breeding operation. Note - Vendor has others lots this sale including sisters with calves at foot; and last years weaners off these Cows PTIC.
