Assessor Comments	A very good line of young Simmental Cows and Calves. Cows preg tested undetectable but vet said could be in very early stages of pregnancy and bulls are still in with cows. Cows originally bred by the Cooke Family at Meandarra. Been running with Booroomooka Angus Bulls. Calves from 145-269kgs to average 183kgs - 5 heifers and 4 steers. Cows are milking well and doing a very good job on their calves. Due to the size of the calves and wet conditions and chasing green pick cows are only in store condition. Due to wet conditions extended delivery can be arranged (contact agent for terms). Very good cows and calves that would suit any breeding operations.
