	All cattle worked through the yards well. A couple got a bit agitated while in the crush but soon settled when they re-entered the mob. Very nice cattle to work through the yards					
Handled With	Bikes , On foot , Vehicles					
Assessor Comments	Very quite, well bred, soft British breed cattle that are EU accredited. Ideal to take home and calve down the Angus bulls. All heifers were identified as Red tags on the day of assessment except 2 that are Blue and only a week or 2 behind the rest according to the vet on the day. Quality line of heifers for the future. Quigley's have been breeding quality Poll Hereford cattle for many years and these are no exemption to that. Heifers have good frame with plenty of bone to continue to grow into large breeders for the future. At assessment Heifers had a weight range of 415-550kg to Avg 491kg. Top quality heifers you can buy with confidence.
