Assessor Comments	44 Angus cows PTIC 5-7 months. Predominately 2-5 yo females that present in good condition with good frame and growth for age, they have recently come down from SA and NSW pastoral properties. They are surplus to requirement females and don't match in current calving times. Cattle handled well in yards and crush. Cattle are earmarked to age. These would suit restocker or trader. The cattle have been joined on the stations to Angus bulls but no certainty given to odd mickey bulls. The Willoway cattle are known for calving ease and constitution. 200 females in todays sale.
