	Slightly Stirry: 1 head	Slightly Stirry: 1 head	Slightly Stirry: 1 head
	This Bull Presented as playful; however Slightly stirry in the yards and crush but was not dangerous in any way, if anything he was more stubborn than stirry. I was able to walk into the paddock with him and take photos. He was very happy to stand and eat while i moved around him within a 2m radius.

Assessor Comments	Palgrove Roland was purchased as a 20-month old bull from Palgrove Charolais Stud. Long Bodied; smooth and thick with great disposition. His dam (Palgrove Estella) produced 5 calves in 4 years including a set of twins with a 369 DCI. Roland shows high growth EBV's, top 12% for Weaning Weight as well as positive carcass, yield and high ranking in the top 10% for Domestic Terminal \$Index. Vendor has had him for 3 seasons, covering approximately 50 cows a year. The calves he has produced over this time have shown to be fast growing, easy finishing cattle with great shape and muscling fast growing. Rising 5 years old and completely sound he has plenty to give.
