Assessor Comments	A very good quality line of Kalnari blood Aussie White ewes that are SIL at 114% to the high grade Kalnari Aussie White sires. These March / April 2023 drop ewes are large framed ewes in high 3 score condition. They are from a flock that selects heavily for shedding, fertility, and production. With most of the mob shedding very well and their whole lives ahead of them, they would be an excellent addition at any flock or a very strong base to start from. Buyers please note, 1 ewe has a spot of colour This is 1 of 3 lots this vendor has in this sale.
