Assessor Comments	560 one mark medium framed NSM merino ewe hoggets. Purchased ex Auctionsplus on account the breeder - Dalkeith Olde at Cassilis. These young ewes have their whole life ahead of them, offering the successful purchaser the opportunity to start or add to their existing flock. With all of the expenses (shearing) and the hard work behind them these hoggets are perfect for a prime lamb sire or would be suitable to join back to a merino if required. These ewes are well shorn, plain bodied and presenting in perfect condition, benefiting from the maturity of a hogget and improved nutrition these ewes will join up with ease. Genetically derived from a Severn Park ewe base with a more recent infusion of Mumblebone and Glenwood sires. These hoggets are non mulesed and carry very little wrinkle, making their breaches suited to non mulesing (property ceased mulesing 20 years ago). Presenting the opportunity to invest into the sheep industry, which is showing very positive signs for a strong future.
