| Assessor Comments | Genuine dispersal line of breeding ewes. Outstanding line of big framed Primeline and small percentage Primeline x SIL Ewes. Mated to majority Poll Dorset and approx 20% White Suffolk rams. In forward order, doing well, scanned 64 twins and 122 singles by contractor. These are a great prime lamb breeding opportunity. Quality ewes with plenty of life left in them. Please note vendor has another line of 355 Blue tag ewes making a bdouble. |
