Assessor Comments	Outstanding opportunity to secure years of genetics. Dispersal 2 yo Merino Ewes SIL to 150% Merino lambs, blue dots shown in photos are multiples marked. With the best years in front of these Ewes, they will fit into any operation whether it be Merino or XB breeder. They are plain, easy-care sheep that will perform in any climate and environment in the country. Vendor has had Dohne influences over the years which would still be showing some slight small traits in these Ewes. Can highly recommend, with vendor having their sisters in the same sale.
