Assessor Comments	Buyers a nice line of Angus steer yearlings averaging 369kg. These steers are 13 months of age and were purchased as weaners to take advantage of spring feed. These steers are majority large in frame and are well grown, ready to stack a lot of weight on quickly. They have shape, length and type, and would not take long to steam ahead and perform given the chance. They should continue to grow out into well finished medium to heavyweight cattle suitable for all grassfed markets being Greenhams NE acc. and NG/NA Note: Vendor has two other lines in this sale
