Assessor Comments	Buyers the second line of well bred Red Angus steer weaners averaging 253kg. These steers are 8-9 months of age, with very good weight for age and shape. They are a very even line with 45kgs from lightest to heaviest, and were extremely quiet and easy to handle throughout the assessment process. These steers were medium to large in frame with plenty of length, shape, style and type. Going forward they would be ideal cattle to finish for all grassfed programs being Greenhams NE acc. and NG/NA Note: Vendor has multiple lines in this sale
