Assessor Comments	Buyers the top line of well bred Red Angus heifer weaners averaging 290kg. These heifers present as an even line with very good weight for age and shape. They were also extremely quiet and easy to handle throughout the assessment process. These heifers were predominantly large in frame with plenty of length, shape, style and type. Going forward they would be ideal cattle to finish for all grassfed programs being Greenhams NE acc. and NG/NA or alternatively would continue to grow out into nice future breeders if purchaser desired. Note: Vendor has multiple lines in this sale
