Assessor Comments	Buyers the second line of Red Angus heifer weaners averaging 207kg. These heifers present as an even line with only 37kgs from lightest to heaviest. They were also extremely quiet and easy to handle throughout the assessment process. These heifers are some of the youngest of the drop, and as such will take a little longer to develop, however they should develop into well finished cattle suitable for all grassfed programs being Greenhams NE acc. and NG/NA Note: Vendor has multiple lines in this sale
