	Heifers gathered well from the paddock with ute and dogs, in yards they did stir and rush under pressure but settled when walked and were good to handle. Weighing in the crush did agitate a few but they settled once back in the yard.			
Handled With	Dogs , On foot , Vehicles			
Assessor Comments	Assessed as the second draft of “The Rocks” heifers, due to numbers some are out of the keeper mob, hence why all these have been vaccinated with Pestigard and drenched with Flukcare C to match up the draft. Very good stylish Angus heifers, true to type and would suit any operation.
