Assessor Comments	Buyers a very good line of well bred Shorthorn steer weaners averaging 275kg. These young steers have excellent breeding behind them as the vendor has spared no expense on sourcing top quality AI genetics. They have good frame and length, and are displaying bone, style and type. Going forward, these steers should grow out into well finished heavyweight bullocks suitable for all grassfed markets being Greenhams NE acc., JBS FA and NG/NA Note: Vendor has one other lot in this sale
