Handled With	All steers were a pleasure to handle throughout the assessment process							
	Bikes , On foot , Vehicles							

Notable Traits

Traits

1 Head Ringworm

Assessor Comments Buyers a nice line of well-bred Shorthorn steer weaners averaging 278kg. The last few years the vendor has spent a lot of money on genetics which is starting to show with the style and type of these cattle! They have good frame and length, and are displaying depth, shape and bone. Going forward, these steers should continue to grow out into well finished heavyweight yearlings suitable for all grassfed markets being Greenhams NE, JBS FA and NG/NA Note: One steer showing slight signs of ringworm, this is not seen as detrimental Note: Vendor has multiple lines in this sale
