Assessor Comments	A small line of vendor bred Angus x Angus steers, 18-20 months of age. Steers present in strong store condition. Steers have been running on light native unimproved country and will condition up quickly given access to improved nutrition. Ideal steers to put on crop and fatten. Grass fed and Antibiotic free. Take advantage of the good season and the compensatory growth these steers could offer. Vendor has another lot of younger steers in the same sale. PLEASE NOTE: 1 steer has white mark on face (see media). Steers show some signs of rubbing due to buffalo fly. Delivery date 18-24th April to allow truck access to dry out.
