cattle are well handled with dogs and horses. Weaners were drafted off mum and than redrafted at assessment. Generally the weaners were good to handle in the yards and crush			

Handled With	Dogs , Horses
Assessor Comments	A good line of vendor bred weaner steers. Bred from a well performed cow herd, sired by Wattletop, Dulverton, Glenavon, & Bridgewater Stud Angus bulls. Steers present in fresh condition at assessment and are well grown for their age. Steers show sound confirmation and have developed a good muscle pattern . In previous years this run of calves have performed very well into grass fattened or feedlot markets, this year given then the right opportunity the purchaser could expect similar outcomes. Grass Fed & Antibiotic free
