Assessor Comments	We are offering 88 excellent quality Angus and Angus/Hereford steers, aged 7 to 8 months, sired by renowned Barwidgee Angus bloodlines. These steers represent the tops of the drop, averaging 272kg (curfew weight), and are showing exceptional growth for their age. They are expected to continue performing strongly under the right conditions. These cattle come with our highest recommendation. Approximately 8% of the steers were observed with very light scarring in one eye, which has been deemed not detrimental to their overall health or performance. The vendor also has three lots in the same sale, offering buyers an excellent opportunity to secure consistent, high-quality young cattle.
