Assessor Comments

We are offering 48 excellent quality Angus steers, aged 7 to 8 months, from Barwidgee Angus bloodlines. These steers are the tops of the drop, averaging 271kg (curfew weight), and are showing outstanding growth for their age. With the right opportunity, they are expected to continue performing exceptionally well. These cattle come with our highest recommendation. Please note that approximately 5% of the steers were observed with very light scarring in one eye, which has been deemed not detrimental to their performance. The vendor also has three additional lots of weaners available in the same sale.
