Assessor Comments	29 Hereford Weaned Steers. Out of a very good Tablelands Hereford Cow herd based on Courallie J Hereford blood. Steers that are showing a nice type to them with a good deal of bone and depth about them. Steers have been weaned up for 4 weeks and have really bounced since. These calves grow out very well and make very good heavy feeders but have also been taken out successfully to heavy trade and bullocks in the past. Vendor is willing to truck steers to his town yards for easier trucking access. Note vendor has a lot of Angus X Steers in same sale.
