Assessor Comments

12 quiet Angus EU Heifers pregnancy tested in calf to a Scarbah Angus Heifer Bull. The heifers were a pleasure to handle while assessing . These heifers are currently running on a property that is predominately a sheep operation on lighter granite country. These heifers given the Opportunity will grow out to form a good line of cows to breed on with in the future as a small addition to someone's existing herd or a starting line for the hobby farmer. Buyers please note that the vendor has 3 other lots in this sale.
