	Quiet: 53 head Slightly Stirry: 4 head Overall very good Heifers to handle through yards and crush, vendor has spent a lot of time moving and handling heifers. flowed through lead up race well, with some slightly stirred in crush, though once back with mob settled right back down. Can recommend heifers on their temperaments.	Quiet: 52 head Slightly Stirry: 5 head	Temperament not assessed in Paddock

Assessor Comments	Very good line of top quality PTIC Angus Heifers, Bongongo, Rennylea and Myanga bloodlines. July/Aug 2023 drop, purchased out of southern NSW sales from local renowned herds. Heifers present in perfect calving condition, well grown females that would stand up in any herd. Heifers have been preg tested by Coolac Vet services and have been divided into early and lates. Heifers were joined to low birthweight Bongongo bulls for 8 weeks. Unfortunately the neighbours Angus bull was found in mob, vets identified early calvers at preg testing and these will be retained by vendor. Please note: sold as two lots run out the gate.
