Assessor Comments	118 good quality vendor bred backgrounder steers. HGP free, steers weights range from 332kg to 498kg averaging 414kg at assessment. These steers have all the qualities that you'd want: structure, bone, depth, and breeding. "Manning" steers are well known performers, ideal to take through to heavier kill weights or heavier export markets. ATTENTION PURCHASERS: Please note 3 month deferred payment for approved purchasers. Also of note, a small percentage of steers have rub marks from buffalo fly following recent rain, however this is not detrimental to their condition - please see photos and videos for further detail. In all, these steers will not disappoint!
